

**Drainage Board Meeting
May 7, 2013**

Present: Al Logsdon, Mickey Toler, David Gogel, Surveyor Herron, Elaine Jones, Attorney Dan Wilkinson, Chuck Painter, Tara Lloyd, Deputy Auditor Autumn Winkler

Absent: Auditor Jane Lynam

Meeting was called to order by President Al Logsdon at 11:00 A.M.

Minutes

Toler made a motion to approve the minutes from the April 2nd Drainage Board Meeting. Gogel seconded the motion, motion was approved.

Surveyors Report

Herron passed out pictures of the log jam in front of the trestle on Buckhorn Creek. Logsdon said he and Herron had went out and checked on the log jam, Logsdon then called the Railroad Company and they had it cleaned up within 48 hours.

Pictures were passed out to show the log jam on Anderson River near Larry Mulzer's property. Herron got a couple of estimates to take out the big trees and put them up on the bank and the landowner will dispose of them. K & K Dirtworks agreed to do the job for \$1950.

Herron reported that Phillip Meyer had contacted him concerning Sweezer Ditch. Herron explained that approximately 300' from where we stopped on this project last year the ditch is completely full. We don't have enough money in Rainy Day to do the project, because there are approximately 3000' feet that still need to be cleaned out. Logsdon said he felt that we needed to make the part of ditch closest to Richland Highway as priority one and the other area as priority 2. Herron said he would call Meyer and explain the situation, he thought Meyer would be fine with what they decided.

Herron explained that Tower Drain in Hatfield is on the list to repair this year. Painter asked about doing something with Chrisney Drain, he said if we get 2 or 3 inches of rain the road is covered. Herron said he didn't know what we could do to solve the problem in that area.

Toler made a motion to adjourn. Gogel seconded the motion, motion was approved.

Meeting was adjourned at 11:14 A.M.
